NEARLY HALF MILLION MEN OUT ON STRIKE

City To Spend $100,000.00 For Large Addition To Its Water System

Move to Provide More Water for Upland; Council Asks for Bids

To augment the city's water supply, the city council last night authorized the city manager to take steps necessary to call for bids for new construction and equipment costing $90,000 to $100,000.

Funds are available in the city's capital outlay and depreciation accounts, Richard G. Manley, city manager, said.

The addition to the city's water system would serve the west end of Upland primarily, he added.

The project contemplates a 900-foot well supplying 150 inches of water in the vicinity of Benson avenue and Ninth street; pumping equipment to channel the water north to Fourteenth street; a new reservoir in the west end, and pipe lines to distribute it.

Roughly, the breakdown is about $17,000 for the well, $27,000 for pumping equipment, $22,000 for lines and the balance for a reservoir.

Water pressure in the west part of the city has been getting low, it was said, and the new source, pumping equipment and reservoir is needed there.

Mr. Manley said that the present reservoirs have a capacity of 4,500,000 gallons but that that much has been used in one day in the city in summertime.

Large Crowd at Horst Funeral

Approximately 600 friends and relatives gathered at the Brthren in Christ church yesterday afternoon to pay respects to the members of the Menno Horst family, Menno, Allene and their daughter Evelyn Joann, who were accidently asphyxiated in their home Friday.

Clergymen officiating were: Rev. John L. Leatherman and Rev. Sherman Maust, of the Alpine Mennonite church, Upland; Rev. Alvin C. Burkholder, Brethren in Christ, and Bishop J. P. Bontrager, Mennonite bishop from Atwater, Cal.

Pallbearers for Menno Horst were: Menno Stoner, Marion Schetter, Elmer Hersheber, Guy Hostettler, Dick Bauckman and Robert Groff.

Those for Allene Horst were: Glenn Franklin, Earl Musser, Wayne Book, Eldon Bert, Dwight Bert and Orville Bert. Bearers for Evelyn Joann were Glenn Stoner, Willard Maust, Farrell Hostettler and Paul Trautwein.

Music was provided by the combined church quartet and the Beulah college melody messengers. There was a large number of floral tributes at the services.

Those attending from out of state, were: Will Beare, Ashland, Oregon; Mr. and Mrs. Walter Kurtz, Columbia, Pa.; Mr. and Mrs. Claude Hostettler and sons Phillip and Stephen, Scottdale, Pa. There were also large groups of friends and relatives from Pasadena, Los Angeles and Whittier.

ELECT HEAD

LOS ANGELES, Nov. 20. (AP)—Directors of the Security-First National bank have elected George M. Wallace chairman of the board, succeeding the late J. F. Sartori.

What's Restricted Commerce? City Writing Definition

What is restricted commercial zoning?

The city council asked that question last night and moved to get an answer. It instructed City Attorney Henry Busch to define it.

And how about restricted commercial zoning on Euclid avenue? The councilmen, polled for their opinions, liked the idea—providing restricted commercial zoning has an exact meaning.

The matter came before the council in a letter from the city planning commission stating it is giving it further study.

The council was told that, broadly, restricted commerce is professional commerce — the practice of law, medicine, dentistry, and such.

A doctor's office on Euclid avenue would not be objectionable, the individual councilmen agreed. It might create a parking problem and that would have to be studied in each instance. It might lead to controversy as to what is a profession and what not, and that is to be covered in the definition.

To speed the matter, the council asked Mr. Busch to deliver his report to the planning commission for immediate action.

Want P. E. Wig-Wag On Grove Avenue

Request will be made by the city to the Pacific Electric to install a wig-wag at Grove avenue.

Trees and shrubbery obstruct motorists' vision and the headlights of the night work trains are so dim the trains are often mistaken for automobiles, the city council was told.

Several years ago the Pacific Electric declined to install a wig-wag because the traffic on Grove did not warrant one, a councilman said, but added that the traffic is heavy now.

Army Will End Season Nov. 30

WEST POINT, N. Y., Nov. (AP) — Gen. Maxwell D. Taylor, superintendent of the U. S. military academy, said today that the Army football season would end and the team disband after the Navy game in Philadelphia on Nov. 30.

Unlimited Supply of Turkey to Be Available for Turkey Shoot

"We can get all the turkeys we want," Herman Cordes, chairman of the Legion committee, said today as he urged the community to come out to the Turkey Shoot which will be held this Sunday.

Arrangements have been made with a turkey farm, Mr. Cordes declared, so that turkey will be available for all winners no matter how many.

"This will be a fine way for a lot of people to get a turkey for their Thanksgiving tables and also to provide some needed funds for the Upland post, he added.

The shoot will be held as it was on Armistice Day on the north side of Foothill boulevard just east of Campus avenue. Rifles, and traps have already been secured and bingo and other games will also be held, with all winners receiving a live turkey.

The Legion Turkey Shoot will begin about 10 o'clock in the morning and continue until dark.

ONE OF THEM WILL BE QUEEN

When the ballots are counted today at Chaffey college, one of these pretty girls will be the "Queen" who will reign over the ceremonies between halves of the Chaffey-East Los Angeles game on Thanksgiving Day at Graber field. Roberta Dodge and Yvonne Thoreson were tied in the race to elect a Homecoming Queen recently, and it was decided to have the "finals" for Thanksgiving. The Queen will be crowned at the Chaffey carnival Tuesday.

Tigers Tie Cardinals; Win C.B.L. Championship

By DON BENSON

Coach Truck Lindsey's Chaffey Tigers came from behind in the fourth quarter to tie a strong air-minded San Berdoo team 13 to 13, before a crowd of 6500 fans at the National Orange stadium last night and to win the Citrus Belt league championship.

Taking the opening kick-off, the Tigers rolled down the field in fine shape, with Hayes making several dashes of 11 yards. But the officials took the ball back 15 yards for illegal shift. Whitham passed for 11 yards to Bob Garton, and the officials walked off another 15-yard penalty for holding.

Taking the ball, the Tigers put together a drive that reached pay dirt, as they were only penalized twice in this series of plays (five yards for too much time before snapping the ball, and another 15 yards for an illegal shift). Hayes and Whitham churned their way to the Berdoo four on Hayes' runs and Whitam's passes, with the usual pass and lateral. This time Whitham passed to Hayes who laterelled to Bill Wolfe for 19-yard gain. Simon Hoyas ran through center from the four for the T.D. Bill Gear, Lindsey's place kicker, calmly kicked goal for a 7 to 0 lead, to end the half.

Berdoo breathed fire from here on out. Taking Whitham's kick-off on the 20, Visbal ran to the 38. Visbal cracked the line for seven; Cal Pierce, colored halfback, started throwing strikes downfield, coupled with Visbal's line smashes, to place the ball on Chaffey's 22. Pierce then threw a beauty to Kent Hayden, who was all alone behind the Tigers' secondary for an easy score. Attempted kick was blocked, and Chaffey led by a narrow 7 to 6.

Bog Down

Showing that they had left their game on Graber field during the tough Pomona tussle, the Tigers couldn't get moving. (The blocking was also back on Graber field).

After an exchange of punts, Berdoo took possession of the ball on their 42, after Hayes' punt went high and out of bounds for 16 yards. Berdoo passed incomplete, then Bill Reed, fancy stepping fullback, made the most sensational run of the game, rambling all over the field, reversing and spinning, for 53 yards, being brought down by Koefler on Chaffey's five. The officials promptly penalized Chaffey to the 2½ yard line (½ the distance to the goal line) for too many times out. Bill

(Continued on Page 5)

TIGERS TO START C.I.F. PLAYOFFS HERE NOVEMBER 30

It was announced late yesterday afternoon by Coach Truck Lindsey that the Chaffey Tigers will meet their first opponent in the C. I. F. playoffs at the Chaffey stadium a week from this Saturday, Nov. 30.

Although the team that the Tigers will play has not been determined as yet because of the scramble for the championship of the Sunset league, it has been definitely agreed that the game between the winner and Chaffey will be played here.

Coordinating Council Will Meet Monday

The Upland coordinating council will hold its regular monthly meeting Monday at 7:45 p.m. at the Girl Scout house, Oris F. Heinauer, president, announced today.

Asking for the attendance of representatives from each organization, Mr. Heinauer said that the program for the year would get underway at the Monday meeting.

8.94 Rainfall All-Time High For November

November has already set a record in rainfall, being the wettest November in 10 years, according to Liberty Groves corporation.

Including the rain Wednesday, 8.94 inches of rain has fallen on the city so far this month which is considerably more than last year and more than an inch over the total in November, 1944, when 7.46 inches was reported. November, 1936, was the driest, with only .6 inches measured for that month by Liberty Groves.

Rainfall during the recent storm, Tuesday night and Wednesday, was reported at 3.11 inches. The rain was heaviest at night, measuring 1.82 compared to 1.29 on Wednesday.

Rain this season is far ahead of last year with 11.3 inches as compared to 1.29 in 1945. The heavy rainfall began on Dec. 22 and 23 last year, however, when 7 inches fell on the city. The total for the 1945 season was more than 16 inches.

With the early rainfall this season, however, already measured at 11.23, it seems more than probable that 1946 would be a wetter season than the year before.

Drama Group To Present Plays

The first production of the drama group of the Foothill Music association will be presented to the public on December 16 at the Lincoln school, Pomona.

At present two sections of the group have been meeting separately, one in Ontario which includes members of the group living in Upland, and one in Pomona.

The December program will consist of two one-act plays followed by a selection of olio numbers with both groups participating.

The Ontario-Upland group will give "Happy Journey," a well-known one-act by Thorton Wilder and featuring Evelyn Holsman, James Harrison, Howard Aspare, Patty Petterson, Dick Geiger, Jackie Mead, with Paul Collier directing.

The Pomona group have selected an oppcsite type of play, a melodrama, "Curse You, Jack Dalton," by Wilbur Braun. This cast includes Fred Friese, Pat Avis, Elizabeth Imber, Earl Ranney, Anola Ryan, Bonnie Hall, Bob Waller, with Esther Ziegler, who is also a teacher at the Upland elementary school, directing and Suzanna Bradley as pianist.

Other members helping with the olio numbers are Pattie Clay, Ontario, and Bill Cochran, Pomona.

Following the presentation of these plays, the group will begin production on a three act play.

Murray Heads CIO Again

ATLANTIC CITY, N. J., Nov. 22. (AP)—Philip Murray today was re-elected president of the CIO by acclamation.

There was a 15-minute demonstration while a band played "Hail to the Chief' on this final day of a five-day meeting, and the delegates took one more whack at the communist party.

They changed the preamble of the CIO constitution to declare: "We turn to the people because we have faith in them; and we oppose all those who would violate this American emphasis of respect for human dignity, all those who would use power to exploit the people in the interest of allied loyalties.

Former Resident Turns Hobby Into National Business

Another story of "local boy makes good" concerns the son of Mr. and Mrs. W. C. Bailey, local realtors, who last week opened his ceramics shop in Manhatten Beach.

W. D. Bailey, whose parents reside at 348 Laurel avenue, worked with ceramics merely as a hobby, while he was employed at the Douglas El Segundo plant until about two years ago. At that time he formed a corporation with interested parties and a plant in Los Angeles started production.

The shop which opened Saturday features "The Heirlooms of Tomorrow." Delicate semi-porcelain baby shoes have proved the most successful item for sale.

As well as providing articles for sale in the store, the workshop which employs 40 persons produces for retail outlets in the east and for sale by a company salesman.

Chest Total Keeps Growing

Cash contributions for the Upland Community Chest continued to grow today as Howard Mason, chairman reported that $6,200 had been turned in by Upland residents.

With some captains still remaining to be heard from, the prospects were good that the quota of $4900 would be even further exceeded. Upland has always gone way over its assigned quotas and it seems that things haven't changed any this year.

The executive board of the Chest committee will meet at the Upland chamber of commerce office tonight to make final tabulations of the campaign.

On the Chest committee this year with Mr. Mason are Mrs. Velda Wiley, Oris Heinauer, E. H. Gibson, Frank Davis, James Fero, Mrs. Earl Johnson, Mrs. David Seares, Mrs. C. K. Valiton, E. E. Hawthorne, Mrs. Warren Wass and Mrs. Douglas Black.

Plane Found, All Alive

PARIS, Nov. 22. (AP) — Orly airfield announced tonight that the wreckage of an American C-53 transport sought since Tuesday had been found in the Alps near Interlaken, Switzerland, and that all alive.

The transport was found on a 30-degree slope about 500 feet from the peak of a 10,000-foot-high mountain, according to a message from one of the search planes which was in direct communication with the grounded crewmen.

Orly field said three persons were seen walking about the wreckage. A party of Swiss mountain climbers and American nurses and doctors left Interlaken immediately for the scene of the crash, reported to be 13 miles southeast of that city

Relief supplies were dropped and others were sped on the way to the snowcovered scene. A message from the faltering radio of the transport yesterday said eight of the 11 were "stretcher cases."

American and Italian parachutists and trained mountaineers stood by for renewed efforts to save the passengers and crewmen

New Jewelry Store Will Be Established In Colborn Building

Al Bryant and Company, Pomona jewelers, have leased the Colborn Electric company building and expect to open a store here in the early part of next year.

Colborn's will occupy the building adjacent, which formerly housed the Upland Recreation Center, as soon as the remodeling of the building is complete.

Coal Walkouts Will Tie Up Many Plants; Serve Summons on Lewis

BY THE ASSOCIATED PRESS

The government today served John L. Lewis with a summons to answer a federal court contempt citation in connection with the walkout of the nation's A. F. L. coal miners.

The move came in Washington as the country's idle because of labor disputes reached the half-million mark, the highest since last spring. Meanwhile the threat of further industry and business curtailments as a result of the coal strike increased.

As the government waged its court fight against John L. Lewis after obtaining a contempt citation against the mine boss, operations in the 3,300-government-operated mines were at a standstill.

The stoppage by the 400,000 AFL-United Mine workeds had almost immediate effects to industry. Operations in some steel plants were ordered curtailed as railroads prepared to reduce coal consumption by 25 per cent on Monday.

Continuation of the stoppage—and there was no immediate indication how long the miners may be away from their jobs—threatened to be felt throughout the entire country, similar to conditions during last spring's strike.

Sympathy Strikes

The walkout by the AFL miners resulted in sympathy stoppages by some 10,000 hard coal miners in Pennsylvania while a group of independent miners in Illinois who broke with Lewis in 1932 after a bloody revolt voted to remain away from work until court proceedings against the UMW chief are completed.

Action on the court citation is set for Monday when Lewis is directed to appear before Federal Judge T. Alan Goldsborough in Washington to show cause why he and his union should not be held in comtempt. The government acted following Lewis' refusal to call off his notice terminating the government-union contract. The contempt action is punishable by fine or jail sentence or both.

Meanwhile, on the first day of the walkout violence flared in the coal fields. Two UMW strikers were killed during a dispute with the foreman of a small truck mine

(Continued on Page Two)

Upland-Ontario Sewage Plant Will Be Expanded Soon

Ontario has taken action to construct an addition to its sewage disposal plant and will be asking Upland to pay a pro-rate share shortly, according to City Manager R. G. Manley.

He said a meter has been ordered to determine the Upland sewage volume.

The cost to Upland is expected to approximate $80,000.

3 New Homes Being Built Here

Permits for three new homes were granted by the city building inspector's office.

C. M. Ward is building a house at 675 Olive street. It will be three rooms and will cost an estimated $2300.

Keith Gingerich, 136 Baseline avenue, Cucamonga, is building a residence and garage at 548 East Pine street. The house will be four rooms and a bath and will cost an estimated $3,500. It will contain 648 square feet. Alvin Gish is the contractor.

A five room house and bath, estimated to cost $5,994, will be built at 377 South Campus avenue by Fred Wenpel, Arlington. The residence will be 999 square feet. Mr. Wenpel will also build a garage.

Cucamongan Killed In Highway Crash

Gilbert Sanchez, Cucamonga, died in the county hospital Thursday morning after being injured in an automobile collision Wednesday night in Rialto.

The Cucamonga sheriff's office was contacted by hospital authorities in an effort to find his relatives, but have been unsuccessful so far.

KEY WEST, Fla., Nov. 22. (AP) — President Truman departed at 8:14 a.m. (EST) today in search of deep sea game fish while his cabinet officers fought a legal battle with John L. Lewis in the economic struggle precipitated by the walkout of 400,000 soft coal miners.

Need Glasses? But You Don't Like To Wear Them. Here's The Answer

For people who need glasses but don't like to wear them, Dr. H. T. Goslin, Upland optometrist, has the answer.

At least, he will within the next 30 days when his equipment for installing contact lenses arrives.

It may sound involved but it actually isn't. You wear glasses to help you see but nobody else knows that you have them on. It can all be a big secret between you and the doctor.

How it Works

Here's how it works. The contact lenses, which are believed to be made of some form of plastic and as a result are unbreakable, are fitted into the eye over the eyeball and they perform the same function as regular glasses and yet eliminate all the bother. Installation is very simple, according to Dr. Goslin, who has just returned from a three day course on contact lenses in Hollywood.

"The average person should be able to use them after about 15 minutes of training . . . It's all as simple as that," he stated.

The fitting of contact lenses in Upland is expected to be somewhat of an innovation. When the equipment arrives here within the next month it will be the only place in San Bernardino county, with the possible exception of San Bernardino, where this service is available.

"They've been using contact lenses in Hollywood, of course, for the past several years but their general use is relatively a new thing," Dr. Goslin said.

New Thing

Contact lenses, which were glass at first, have been used in the past for pathological cases where diseases of the eye made the use of ordinary glasses impossible. But it's only the past four or five years that any general use of them have been made.

The new type of "eye glasses" are invisible, according to Dr. Goslin, and cannot be seen by anyone even at a close distance. They are made to fit each individual need and are easily taken in and out. They are less bothersome than regular glasses and are specially adaptable for people who need very thick glasses.

And for women who don't like to be seen with glasses, contact lenses seem to be the answer to all their prayers.

Consider Annexation of Area West of Benson

Water for 78 Homes Is Big Problem Now

Possible annexation of an area west of Benson avenue by the city of Upland will be investigated by City Manager R. G. Manley and City Attorney Henry Busch at the request of the city council.

A tract west of Benson between Foothill boulevard and Thireenth street was approved by the council for subdivision by C. Bongiovanni of Hollywood, but it poses the problem water to 78 homes.

Mr. Bongiovanni was at the council meeting and said he would be willing to have his tract within the city limits.

In a letter to the council, the Upland planning commission recommended approval of the subdivision with a change to require 25-foot setbacks instead of 20. The subdividor told the council that recommendation would be acceptable and the subdivision was then approved by the city council. It must also meet county approval.

Near Benson

The buildings will cover 800 square feet or more.

The tract does not adjoin the city but is 630 feet west of Benson avenue. There are houses between the tract and Benson, the council was told.

Upland's west limits extend to the Los Angeles county line between Ninth street and Arrow highway. Between Arrow highway and Foothill boulevard, the city limit is east of Benson avenue. Benson is the west limit from Foothill to Sixteenth street.

Upland supplies city water to Foothill boulevard residents as far west as Central avenue and it was said property owners on the boulevard are desirous of coming into the city.

Suggestions

Several suggestions were made by the councilmen: One that the west line extend to the county line and another that it go only to Central avenue; a third that the north boundary be Fourteenth street and a fourth that it be Sixteenth.

The city manager and city attorney will learn the wishes of the property owners in those areas.

Upland would not gain much financial benefit by annexation of the area, the council was informed. This because water users outside the city pay a differential as a substitute for taxes. But police and fire protection are provided outside areas in fact, even though not required.

Water Supply

While the city has provided water for property owners outside the city by individual contracts, such contracts have been made singly for one dwelling at a time. There is some question, it was said, whether water could be offered 78 houses in a unit outside the city limits.

On the other hand, Mr. Bongiovanni would not want to construct streets, sidewalks, curbs and pipe lines without assurance of a water supply.

Councilmen expressed the opinions that the subdivision is beneficial to Upland as a whole whether inside or outside the city.

Help Coming for Ray Davis Home

Additional help on the Ray Davis home loomed yesterday as the Ontario Optimists club voted to throw their support behind the project.

Contractor William Ritchie, a member of the club was named to meet with the committee and make arrangements to help complete the project.

During the discussion, all skilled and unskilled construction men present volunteered their services.

Third Tuesday of Each Month

Upland and Cucamonga—

Every Tuesday

Fired!

NEW YORK, N. Y. — (Soundphoto) — John Rogge, pictured above, Assistant to the Attorney General, is out of the Justice Department, because he quoted from a confidential report in a Swathmore, Pa., speech on German political activities in the U. S. Attorney Tom C. Clark fired Rogge as his special assistant, in a crisp letter to Rogge. Clark declared "you willfully violated regulations by quoting from a department report in a speech," detailing what Rogge said were Nazi schemes to defeat President Roosevelt in 1936-40 and '44 elections.

Western Sales Set Record

SAN FRANCISCO, Nov. 21. (AP)—The Far West's department stores topped off a record-breaking seven months sales streak with another big gain last month of 29 per cent over last year's marks.

The big store sales trends, widely regarded as one of the best indicators of general economic trends, proved fairly typical of general business progress in the Pacific and Mountain states in this period of reconversion, inflation, strikes, shortages and general economic eczema.

Among 10 indicators of the West's economic vigor, department store sales and power production currently run closest to the average.

Department store sales are up 29 per cent from a year ago, electric power usage up 26, engineering construction up 48, building up 36, lumber production down 1, oil production up 8, railroad freight up 12, average industrial pay up 14, banks checks up 22, business loans up 90.

City Will Stop Land Sales by Metes, Bounds

Land may not be sold by metes and bounds to the injury of the public welfare, it was declared at the meeting of the city council last night, and the city manager was instructed to take whatever steps may be necessary to insure compliance with city law.

In reply to a council question, Richard G. Manley, city manager, stated the city's subdivision ordinance is being violated today in at least four instances.

The city had an ordinance requiring persons subdividing acreage to file maps with the building inspector, to construct sidewalks and curbs, and to provide for streets and drainage before lots may be sold.

But acreage owners have been selling off portions by lots for home construction without regard to street extensions or drainage and without provisions for streets or curbs.

City Attorney Henry Busch told the councilmen such violations are misdeameanors under an Upland ordinance and the property owners are subject to arrest. Purchasers may also be denied building permits and refused water connections, he added, but said that would work a hardship on people who are not primarily responsible for the law violation.

But Mr. Busch said that every lot sale by metes and bounds does not prohibit the possibility of complying with the city's planning or subdivision requirements.

The conclusion reached by the council left the decisions with Mr. Manley in individual cases and he was intructed to refuse water or to take whatever steps he thinks best to enforce the subdivision ordinance.

The councilmen indicated that they still favored the commercial zoning of First avenue from Ninth street to the north line of Sanford Otterness' property and off-street parking on the east side of First avenue to C street

Since the planning commission earlier this week recommended off-street parking on the east side of First avenue and the west side of Tird avenue between A and B street, the council referred the matter back to the original merchants' committee for further study.

Injunction Issued Against AFL Pickets

SACRAMENTO, (AP). — Superior Judge Malcom C. Glenn handed down an injunction against AFL pickets pacing seven wholesale establishments serving a neighborhood grocery previously declared unfair.

The injunction will stay in effect pending settlement of a $50,000 damages suit filed by the Potter and Dewey grocery against the picketing food council. The wholesale houses were struck and temporarily forced to close after the grocer sent his own truck to pick up supplies.

To Repair School Stage

Stage and curtain repairs for the auditorium of the Upland Elementary school were approved by the school board Monday night, with the firm of R. L. Grosh and Sons, Hollywood, scheduled to do the job.

No work has been done for seven years on the stage, Harold Cook said, and these repairs will be necessary to keep the auditorium in shape. The company doing the work made the original installation as a sub-contractor on the building.

The outside window sashes at the Junior High school will receive a coat of paint during the Christmas vacation, December 21 to January 4.

TRAFFIC PROBE

LOS ANGELES. (AP) — Merrit L. Smith, official of the American Automobile Assn., says the most critical problems facing motorists today are lack of proper off-street parking facilities, inadequate highways and uncon-cern over public safety.

Smith headed a party of 135 eastern motor club delegates who stopped here en route to a San Francisco A.A.A. convention.

land club was first organized in 1927 and was one of the first in this area. It became inactive however, in 1939 and it is hoped now to receive again the same charter that the original group had.

All men between 20-36 living in Upland are eligible to join.

Nearly Half Million Miners Strike All Over Nation

(Continued from Page 1)

near Welch, West. Va. Prosecutor Richard Parsons said he expected to file a formal charge of murder against the foreman, Sam Curry, 49, who was being held "for his own protection" at an undisclosed location.

Apparently anticipating no early settlement of the dispute, state and cities started to work out plans to conserve electrical power produced by coal-burning steam plants.

Blackouts

In Washington, where the capitol dome was blackened out, restrictions were ordered on lighting such as theatre marquees. A brown-out of Illinois government buildings in the capital at Springfield was ordered. Chicago's Wrigley building floodlights of 318,000,000 candlepower were ordered blocked out until the emergency ended.

In Key West, Fla., President Truman, nearing the end of his vacation, did not comment on the developments in Washington and there was no indication of the next step the administration would take should Lewis continue to refuse to order the miners back to their jobs. Mr. Truman will take over personal direction of the government's fight to end the walkout upon his return to Washington tomorrow.

In other disputes across the country, a 50-day strike of 1,000 AFL drivers and mechanics

In the Hollywood movie labor dispute a county grand jury in Los Angeles may conclude its inquiry into activities of Herbert K. Sorrell, president of the striking AFL-Conference of Studio unions, and 13 aides.

In Rockford, Ill., a vote was to cept an agreement granting them a 20 cents an hour wage increase.

LIST TO PLAY

Eugene List, youthful pianist whose playing for the leaders of the "Big Three" at Potsdam a year ago gave him national publicity, will be presented as the second event of the sixteenth season of the Claremont College's Artist Course Monday evening, November 25, in Bridges auditorium.

They had demanded hikes of 46 cents.

Other Strikes

against the Chicago Motor Coach company ended restoring transportation service to 330,000 daily riders. The strikers voted to acbe held tonight among 800 members of the CIO-United Auto Workers on whether to end an 11-months old strike at the J. I. Case Company farm machinery plant. Wages were the chief issue.

At McMinnville, Tenn., 133 teachers and 30 bus drivers at Warren county's 38 schools will decide tomorrow on whether to return to work Monday. The teachers and drivers walked out Monday in a dispute over wages.

Four AFL truck drivers were injured in a display of violence in a jurisdictional dispute in the Philadelphia-Morristown area as beer deliveries were resumed after a shutdown of seven weeks.

At Camden, N. J., CIO workers left plants to protest police regulations affecting picketing by striking newspaper guildsmen. Ten pickets were assested on charges of disorderly conduct and held in lieu of $1500 bail each.

Parking Meters To Be Removed

The parking meters in Ontario will be removed when the six months trial period is up May 7, unless the efficiency of the meters greatly improves, the Ontario city council decided Monday night.

Police Chief H. W. Swinney told the councilmen that 29 meters were put out of commission by the recent storm and numerous complaints were filed with the department.

The council voted to look into the subject of the city owned parking lots to solve the parking problem.

Looking into the need for a more extensive sewer system, the council instructed City Manager Harold S. Martin to make a survey of the needs and the estimated cost and report back to the council.

First Dinner Meeting of 20-30 Club To Be Held Next Wednesday

Arrangements have been for the newly-activated Upland 20-30 club to hold its first dinner meeting at the Red Chief Motel next Wednesday night, Nov. 27.

This was announced today by John Humphrey, chairman of the committee which has taken the lead to bring back the 20-30 charter back to Upland. Also on the committee are Sammy Rowe and Ralph Childers.

All men between the ages of 20 and 36 who are interested in becoming members are invited to attend the dinner. Reservations may be made by calling Mr. Humphrey at 310-158.

The committee and others interested met with the Ontario 20-30 club last night at the Ontario Legion clubhouse. The Up-

Sixth Avenue Widening: City Will Pay Half Cost, Will Not Disturb Sidewalks or Trees

If the people who live on Sixth avenue want their street widened, the city will pay half the cost. That was agreed by Upland councilmen last night and a motion adopted to give it effect.

Discussion developed there has been some misunderstanding, perhaps, on the part of property owners as to what street widening would entail

A petition was presented to the council protesting the improvement if it meant tearing out sidewalks, removing shrubbery and putting the owners to great expense.

William Bergman, 268 Sixth avenue, and N. A. Niswander, 546 Sixth, were at the council session last night. Mr. Bergman said the property owners would oppose the reconstruction if it entailed moving sidewalks and lawn trees and Mr. Niswander declared the owners would object to excessive expenditure.

City Manager R. G. Manley told them the plan is to widen Sixth avenue about eight feet, removing the curb and rebuildingit against the sidewalks without disturbing sidewalks or property lawns. He estimated the cost would run about $5000 to widen the avenue from Ninth street to Arrow highway.

It was pointed out that the present width—24 feet—is too narrow to permit parking and provide both northbound and southbound traffic, and, unless the improvement is made, it will be necessary to ban parking or establish one-way-traffic.

The councilmen asked Mr. Manley to prepare a new petition favoring the improvement, with a drawing illustrating it, and to estimate the front-foot cost to each owner. The new petition and explanatory matter will be presented to the Sixth avenue property owners.

VETERANS' WIVES OFFICIALLY NAME GROUP "CHAFFEY DAMES"

A business meeting at which numerous matters were discussed was held Wednesday night by the members of the Chaffey veterans wives group.

At that time the decision was made to officially name the organization the "Chaffey Dames," and they will be sponsored by the Chaffey faculty with Leonard Mather, veterans' counselor, as faculty advisor. Officers will meet Sunday evening at Mather's home, 141 East Arrow highway, to draw up the constitution.

The group will take part in the college carnival next Tuesday to raise funds for the World Student Service Fund with the sponsorship of a booth for the sale of corsages, flowers and boutonnieres.

Also discussed was the Christmas party at which husbands of the members would be guests on December 13 at the Los Olivos community hall. All regular meetings will be held on the third Wednesday of the month.

Officers, recently elected, are Mrs. Miles Gregory, president, Mrs. Thomas Doan, vice-president, Mrs. Harry Gannon, secretary, Mrs. Gaylord Brown, treasurer, and Mrs. H. B. Thompson, publicity.

Notice to Publicity Chairmen: Deadline Set for Society News

With the publication of The Upland News three times a week, it has become necessary to set a deadline for news for woman's page. We are asking that all news, club reports, club notices, society items, personal news, etc., for the woman's page be turned in or phoned to the office by 5 p.m. on the day preceding publication.

News of events happening on the evening before publication should be received between 8 and 10 a.m. on publication days, Monday, Wednesday and Friday.

* * *

After meeting at noon for a pot-luck luncheon, members of the Advance Bible class of the Methodist church quilted on a comforter which is to be presented to the Yuma Indian mission.

During the business session Mrs. A. H. Stull led the devotions. A nominating committee was appointed: Mrs. A. E. Stemple, F. B. Ekes, and Mrs. H. Morse.

Hostesses for the luncheon were Mrs. Stemple and Mrs. Eckes.

Present were the Mesdames W. E. Allen, Grace Strieby, W. A. Getty, A. H. Stull, H. Morse, Marian Tracy, C. K. Francisco, W. W. Mather, D. R. Kilbourne, A. E. Stemple, Glenn Wright, John Baumgartner, Anna Gengras, John Engle, Fred Wilding, W. H. Spicer, Belle Bruce, W. H. Froelich, E. H. Porter, Earl Mathis, and

Thanksgiving Dinner Enjoyed by Group

A festive turkey dinner was served to members of the Solana club Wednesday by Mrs. D. D. Lambert when they met at her home, South Benson, in observance of Thanksgiving.

Present were the Mesdames Minnie Goodrich, F. C. Buffington, Charles L. Dinger, William T. Schaffner, L. E. Moser, T. Roscoe Sales, Oscar Gaither and Mrs. Lester P. Jones.

Upland Woman's Club Chorus Entertains at Fontana Club Meeting

When members of the Fontana Woman's club met last night, they were presented a musical program by the club chorus of the Upland Woman's club, led by Mrs. Marion Maxwell.

The occasion was a family night meeting of the Fontana club and during the evening a picture entitled "The Lesser-Known National Parks" was shown.

Music presented by the chorus consisted of songs appropriate to the outdoors. Accompanist was Mrs. Joseph Seitz and soloists were Mrs. Mendel Gottfried and Mrs. Maxwell. Mrs. Nellis McNeil made a hit with the Fontana audience by taking the part of a heckler.

Members of the chorus were the Mesdames Leon Durham, Charles Dinger, Lester Jones, Poli Sanchez, W. R. Crampton, Albert Schmidt, John Buckwalter, George Johnston, H. L. Presba, Fred H. Jacobs, B. B. Bateman, William Smith, Mark Bradburn, L. A. Fox, Lester O'Neal, and Miss Willamene Harnly.

Husbands who accompanied the group were Lester Jones, John Buckwalter, William Smith, Mark Bradburn, and L. A. Fox.

North Circle Meets At Coffield Home

Scene of the meeting yesterday of the North Circle, Ontario Baptist church, was the home of Mrs. Armetesia Coffield, West Arrow highway.

Following a business meeting, conducted by Mrs. A. W. Black, and the reading of the devotionals by Mrs. H. G. Smith, the group tore bandages for the white cross.

At the close of the meeting refreshments were served to the Mesdames H. G. Smith, H. A. Martin, D. M. Kirkwood, A. W. Black, Henry Wilde, Fred Harris, F. G. Rheichardt, N. P. Poole, G. H. Jackson, and two visitors, Mrs. G. E. Myers and Mrs. Maxwell.

Club Notices

WOMAN'S CLUB

With Colonel Herschel R. Griffin as special speaker, members of the Upland Woman's club meet Tuesday afternoon at 2 o'clock in regular session. Since it is guest day, members may bring one or more guests without using the guest cards in their yearbook.

FIDELIS CLASS

Fidelis class of the Upland Methodist church meets in the church parlor for an evening meeting, 7:30 p.m. Tuesday, November 26. Pictures of Upland taken by E. R. Camfield will be shown.

TEMPERANCE UNION

The Ontario Woman's Christian Temperance Union invites Upland's W.C.T.U. to their meeting in the Ontario Nazarene church, East C street and Lemon avenue, Wednesday, November 27, at 2 p.m. Speaker will be Mr. Bauermeister who is director of education at the California Institute for Men, Chino. Mrs. Grace McGready is president of the Ontario group.

POPPY HEAD

San Francisco, California State Headquarters of the Veterans of Foreign Wars has announced today that M. C. Herman, Department quartermaster adjutant has been named National Buddy Poppy chairman for the coming Veterans of Foreign Wars Buddy Poppy drive in May, 1947.

MEETING

Ed Settlemeier, the Fontana Kiwanis club, announces a meeting of interest to all agricultural producers of San Bernardino county. The meeting will be held at the Fontana school auditorium, 8 p.m., Tuesday, November 26. The speaker is Mr. Livingston of the DuPont company, and he will discuss research and living.

EASTERN STAR

Special election for associate patron will be held at the meeting of the Eastern Star Monday evening, 7:45 o'clock. Mrs. John Scott has charge of refreshments.

About People

Among those attending the San Bernardino county council of Business and Professional women were represetatives from the local group: Miss Ada Cooper, Miss Betty Biles, Miss Lorena Timken, Miss Ethel Jean Wilson, Mrs. Evelyn Loch, and Mrs. George Winter. Special speaker was Miss Betty Lazaga, Chaffey student, who lived in the Philippines under Japanese rule.

Mrs. Anna Schiffler, 265 Ninth avenue, was honored guest Sunday night at a birthday celebration held at the Holland Inn, Whittier. Helping her make the occasion a memorable one were members of her family: Mr. and Mrs. Albert Ebersole and family, Mr. and Mrs. J. C. Hein and family, Mrs. Marie Howard, John Paden, and Lois and David Schiffler.

Technical Sergeant Harry E. Dunskey, son of H. W. Dunskey, 352 Parkside, has arrived in Upland from Manila, Philippine Islands, and expects to live here with his parents following his discharge from the service. He served for 28 months with the 137th division, part of the time on Luzon.

Guests of Mrs. Louana Saylors, Alta Loma, over the week end were her son and his wife, Mr. and Mrs. Joseph F. Saylors, Fullerton

Leaving the first of this week by plane for San Francisco was Michael Milch, 1198 Myrtle drive. Milch will leave for Guam in the near future where he will work as an electrician under the Navy.

Union Sponsors Thanksgiving Services for All Churches

The Upland Ministerial Union is making final plans for the annual Thanksgiving service to be held at 10 a.m. Thanksgiving Day at the Brethren in Christ church to which the entire community is invited.

Dr. Samuel Hughes, First Methodist church, will present the sermon which will be in keeping with the purpose for which the annual holiday was inaugurated. The music for the occasion will be provided by Beulah college.

The offering received at this union service will be used to support the daily vacation Bible school next summer.

Thanksgiving Day will also be the date for the start of the world-wide Bible reading period which will continue until Christmas. A project which it has sponsored in past years, the Ministerial Union is again urging the public to participate in this universal program. Leaflets, outlining the daily readings, are available at all of the churches or from their ministers.

Sunday Services

The Sunday morning worship service at the First Nazarene church will follow the Thanksgiving theme and the annual thank offering for missions will be received. The pastor, Rev. W. H. Burton, will speak on the subject "Saying Thanks Out-Loud." Musical selections will be given by Warren and Orville Sheets.

The evening service will be directed by Rev. L. Wayne Jenkins with music by Mrs. Melvin Chambers. The church's Hammond electric organ will be used for the first time during these services.

"Blessing and Glory," Rachmaninoff, is the appropriate anthem to be sung at Bethel Congregational church next Sunday morning at the Thanksgiving service. Bette Boggs will appear as soloist. The minister, Rev. Charles L. Knight continues his sermon series on "The Bible Through Biography" with the theme "The Second Isaiah: Pioneer in Internationalism." The church will be the scene of Ontario's Union Thanksgiving services at 3:70 p.m. Wednesday.

Sunday evening, 7:30 o'clock, at the First Free Methodist church, Ontario, will find the congregation joining in Thanksgiving observance of the Lord's Supper. During the morning services, the pastor, Rev. William A. Hulet, will present the worship theme, "Thanksgiving."

Separate Services

A choral celebration of the Eucharist at 10 a.m. November 28 will mark the observance of Thanksgiving day at St. Mark's Episcopal church. The celebrant and preacher will be the rector, Rev. John A. Luther. Special music will be under the direction of the choirmaster, Herbert Gray.

The First Lutheran church, Ontario, will observe separate Thanksgiving services on Wednesday at 7:30. At services this Sunday, 11 o'clock, the pastor, Rev. Carl Pohlman, will ask the question "Are you ready for the palace of heaven?"

Guest Speakers

On Wednesday, 7:30 p.m., Samuel E. Witty will be the guest speaker at the Church of Christ. During this Sunday's services at 11:15 a.m., the pastor, Rev. Marvin R. Tate, will speak on the sermon, "The Application of Wisdom."

Special speaker at the First Mennonite church Sunday morning, 10:30 o'clock, will be Rev. Lester Wuthrich. Mrs. Wuthrich will speak at the evening meeting, 5 o'clock, at which time the Woman's Missionary society will take charge. Both Rev. and Mrs. Wuthrich are missionaries who were interned in the Philippines during the war.

Dr. Samuel Hughes, Methodist church, will bring the third sermon in the series, "Facing Life and Getting the Best of It," at the morning worship hour, 11 o'clock.

Deadline Set For Church News

All church notices should be received in The News office Wednesday afternoons and cannot be given definite assurance of publication if received later than 9 o'clock Thursday morning. Unless other instructions are given, the time schedule for church services will be published the same as the preceding week.

Churches of Your Community Welcome You

Join in the fellowship of the church of your preference Sunday morning. Attend for your own good and receive an inspiration that comes only in the fullness of a planned worship service.

Entered as Second Class Mail Matter at Upland, California

California and Foreign Trade—

According to Dr. Francis McIntyre, export control director of the U. S. Department of Commerce, the greatest foreign trade expansion in world history is approaching.

And California will be right in the middle of it, for the larger part of that expansion is expected to center around the Pacific area. The Orient, with a population of one billion people—half the world's total—holds enormous possibilities for development. The United States is most anxious to push that development with all possible speed.

It is no secret that when production in this country really gets to rolling we'll have to export heavily in order to avoid large surpluses and their damaging effect on our economy. This applies to California, of course, with our newly-enlarged industrial facilities which must be kept working at top speed to insure full employment and to maintain our economic gains.

Realizing this, Californians are taking a most active part in the expansion of foreign trade.

Right now, in spite of all the difficulties still hampering trade with the Far East, American exports to China, for example, are climbing rapidly. Shipments to Shanghai in August were double those of July, and the September total was almost twice as high as that of August.

As America's "front door" to the Pacific, California seems destined to become the greatest trade center in the world. That's something to look forward to—and to work toward.

Misinformed Consumers—

Judging from a survey recently made by the Los Angeles Merchants and Manufacturers association, the American public has a great deal to learn about merchandising. The survey revealed that most of the people queried were under the impression that more than half of the customer's dollar went for net profit to the lucky storekeeper.

That, as the saying goes, would be nice work if you could get it. However, the merchant is far from being in the golden position a misinformed public thinks he is. On the average, something less than five per cent of the customer's dollar represents net to the store. And in some staple lines, such as foods, where there are no style trends and obsolescence problems to add to the cost of operation, the net is often less.

Nuremberg—One Year Ago—

A lot has happened during the past year—especially for the top Nazis who once plotted world conquest.

Just a year ago on November 20, their trial began at Nuremberg. Even then a good many of them still retained their arrogant swagger. But the long trial and the inexorable approach of the day of final reckoning gradually wore them down. The men who marched to the gallows in mid-October or received long prison terms were but a shadow of their former selves.

This Life We Live

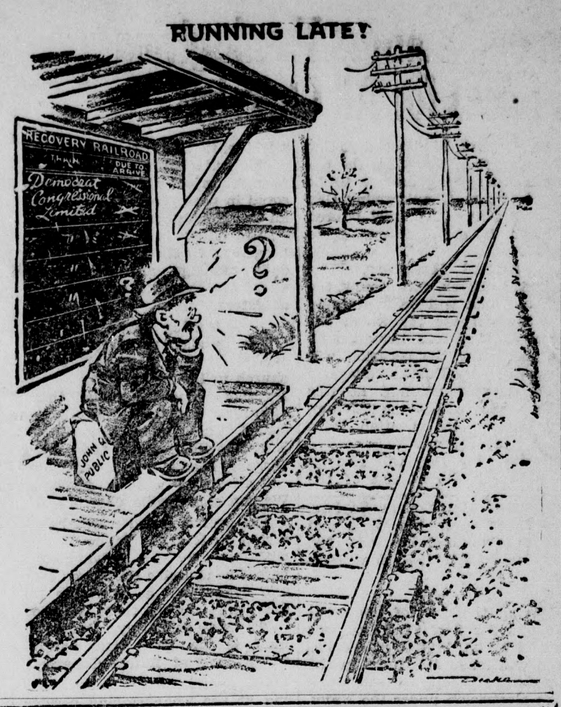
By JAMES V. LATIMER

George Eliott once said that, "The life of a good man stands out in the community like a Bible passage on the front page of a newspaper". Such are not out of place—only unexpected. They are pleasant reminders that still there is faith in the world. I am always glad to talk with good men and to learn the source of their enthusiasm and the basis of their faith. I know one such man.

In September the children and grandchildren of that man gathered in Des Moines to celebrate his 100th birthday. I have known him for 50 years, and know his children and their children also. His eldest daughter married and went to Burma as a missionary; a son is superintendent of schools in a growing Iowa town; a younger daughter married, and this year sent a son to Burma to give to a worthy and needy people his knowledge and experience in better crops. When I was last in Des Moines and spoke in one of the churches there, my friend was in his customary place and sat through the service, even though he did not hear many words spoken, because of impaired hearing.

That friend of mine has another good habit also—that of gardening, both flowers and vegetables. He shares with his family and the neighbors, for his gardens grow abundantly. To say that he is a good man does not imply that I would agree with everything he does, says or believes. That is not necessary. Yet his neighbors and friends will say that his character has been steady, his faith fixed, his example true, and that his entire life has exemplified the things he believed: honesty, temperance, industry, and the consideration of others. I sometimes think his life stands out in Des Moines just like a Bible text on a front page.

I am therefore forced to ask whether such a life has any meaning for me, in these times of uncertainty and change. It has. In many ways it tells me that a good life is far better than an abundance of worldly goods, many houses, or much land. Such people can also be likened to a good book upon a shelf. It does not intrude, does not obstruct your path, does not offend, does not seek to force its own opinions, but it stands there ready to be used, to be consulted, or to add courage. Such people are just "known and read of all man."



Around Town

BY THE TOWNSMAN

Apparently, Upland is a law-abiding town because it seems as if Upland police officers have to go elsewhere to get in their shooting practice.

Whether this has anything to do with it or not, we don't know. But we do know that Officer W. E. Kenney has been granted permission to go hunting near Blythe next month. No doubt all the boys on the force will be waiting with drooling palates for his return.

Speaking of the police reminds us that it's a good idea to stay out of police headquarters whether you go there on business or otherwise. It's in the process of having a booking room and another office added and things are in pretty unusual state.

Walking in there yesterday, there was a pungent order of something burning and when the question was put to Officer Charlie Parks as to its origin, here's the answer we got:

"Why, didn't you know. We're cooking our turkeys for Thanksgiving."

Fanny Rogers, who is quite the Trojan fan, very proudly displayed his tickets to the "Big Game" tomorrow afternoon. In spite of the fact that he has the tickets in his possession, however, he isn't quite sure just where he is going to end up.

"I hope my seats are inside the coliseum anyway," he declared hopefully.

We hope ours are, too. At least they used to be.

It looks like there's going to be a lot of football in store here for Thanksgiving. With the C.I.F. playoff for the Tigers starting here on their own field and the Panthers tangling with East Los Angeles college, it ought to satisfy the gridiron appetites of all football fans.

England's Biggest Brass Hats Obey Blacksmith's Son Now

BY ED CREAGH

LONDON — Britain's new defense chief, the man who gives orders to admirals and field marshals, is a former office boy—a blacksmith's son with a grade school education.

He is also a veteran diplomat, an orator of almost Churchillian stature and a bona fide sea dog with a near record eight years as first lord of the admiralty.

A. V. (for Albert Victor) Alexander is his name. He is a genial story-telling, piano playing, chantey-singing man of 61. For many years he was a Baptist lay preacher.

Big Job Ahead

As minister of defense, a new cabinet post that Parliament is creating, he has the job of co-ordinating the activities of the army, navy and air force and the scientific research behind them.

Thus the clerk who made $8 a week when he was married becomes boss of, among other things, the $120,000,000 atomic research program that Britain is undertaking.

Viscount Wavell, viceroy of India, summed up Alexander's career in verse when the new defense chief was in New Delhi as a member of the cabinet's Indian mission.

"When he was young he served his term
As office boy in a leather firm.
Then he ran co-ops so skillfully
That now he's ruler of the king's navee."

He got into politics through the co-operative movement, the great groups of organized consumers who make up a large part of the labor party's strength.

Churchill Retained Him

After two years as a co-op official he was elected to Parliament—in 1922—and except for four years has been there ever since. He first became top sea dog at the admiralty in 1929.

Winston Churchill re-named him to the post during the wartime coalition and he continued to hold it when the Labor government came into power last year, but served increasingly as a diplomat as well.

At the Paris peace conference he substituted for a man who delivered milk in Bristol at the same time that Alexander was fetching tea for a Bristol office staff — Foreign Secretary Ernest Bevin.

His manner at Paris was Churchillian, but his bluntness was Bevin's.

Spend $398,550 For State Labor Camp Housing

SACRAMENTO, Nov. 22. (AP) An estimated $398,550 was spent on new construction in the state's agricultural labor camps in October to make housing improvements required by the changed labor supply situation, the Industrial Relations department reported today.

The construction, sponsored by the department's housing division, was to convert housing built for the occupancy of single men into units suitable for family use.

Visitor Officiates At Special Services

Dr. Earl W. Dorrance, Southern California field supervisor, and Mrs. Dorrance will officiate at special services this Sunday at the Foursquare church, East Eighth street and South Campus avenue.

At 2:30, the first baptismal services in the new church will be held with Rev. Lewis and Beulah Jonnson the first to be baptized. The ceremony is the re-dedication of their lives to the ministry.

Dr. Dorrance will dedicate the communion set at 7:30 p.m. services.

Alterations Make Additional Room For Upland Police

Upland police headquarters is now undergoing alterations to provide more storage room and an additional investigation office.

The improvements will cost an estimated $2,500. A mezzanine floor will be placed on the north wall for a storage space, with the new booking office below. Space will also be available for a teletype.

The new arrangement will separate the booking and questioning of prisoners from the other functions of the department. R. J. Valentine, Claremont, is the architect.

JOHANNESBURG. AP — When Henry Matthysen, 7, heard his dog howling he went into the backyard to pat it—and both collapsed and died. The dog had been chained to a pipe that had become electrified through a leak in the mains.

DISPUTE BETWEEN PRESIDENT AND CONGRESS OLD STUFF IN U. S. LIFE

By SHERRY BOWEN
AP Newsfeature Writer

Any factional disputes between Democratic President Truman and the Republican Congress which opens Jan. 3 will be just another installment of a headache which started with the founding fathers and has been throbbing in America's governmental noodle ever since.

When Sen. Fulbright (D-Ark.) suggested that the President appoint a republican secretary of state and then resign in his favor, White House reports indicated he wouldn't do any such thing.

But either way, Truman is right in the middle of a muddle over the presidency which has grown periodically and unpredictably in American affairs.

The constitutional convention in 1787 didn't decide what to do about the president until the last minute. The wording of the constitutional powers is credited to Gouveneur Morris, convention expert on phrasing, and apparently never was voted upon. Lawyers have been arguing ever since whether "The executive power... vested in a president," grants something not otherwise specified in the document.

Kingdom Was Feared

Before the convention James Madison said, "A national executive will also be necessary. I have scarcely ventured to form my own opinion yet either on the manner in which it ought to be constituted or the authorities with which it ought to be clothed." Neither had anyone else, apparently.

The convention rejected election of the president by congress and later election by electors. Then it decided to let Congress elect and finally changed its mind and approved the elector system.

The uncertainty was understandable. The new republic existed in a world full of kings. Alexander Hamilton found it necessary to defend the proposed president against opponents who pictured him "with a diadem sparkling on his brow and the imperial purple flowing in his train."

Parties Were Unforeseen

In general, most of the predictions and expectations of the founding fathers about the presidency were proved false later. The electors, given an important role in the constitution, were insignificant almost from the start. And when Aaron Burr and Thomas Jefferson got an equal number of electoral votes, precipitating a battle in the house which has jurisdiction in such cases, the twelfth amendment was rushed through to provide separate votes for president and vice president.

In any case, the founders had no conception of a party system. Parties were in disrepute after many centuries during which sponsorship of opposition parties was considered treason in most countries.

Thus the nation as it has grown from less than four million inhabitants has been faced with an original uncertainty about the role of the president and has had to build a chief executive to suit its needs as it went along and at the same time adjust his relationships with the other branches of the government.

How Powers Have Grown

High spots of the development in the presidency include:

1. Jefferson's extreme deference to congress modified by the fact that he got what he wanted through party leadership.
2. The strong policies of Jackson which increased the power of the presidents.
3. The war powers which President Lincoln was forced to assume.
4. The bitter fight between Andrew Johnson and congress.
5. The dynamic program of Theodore Roosevelt which again increased the power of the presidents.
6. The war - backed developments of Wilson.
7. The depression and war programs of Franklin D. Roosevelt.

Now comes Harry Truman facing a hostile congress in a post-war emergency.

Continue Revival At Brethren Church

Revival services continue at the Brethren in Christ church each evening for another week. According to Rev. C. R. Heisey, pastor, the interest and large attendance during the past week speaks well for the appeal of the message brought by Bishop E. J. Swalm, Duntroon, Ontario, Canada. The services start each evening at 7:30 o'clock.

On Wednesday the Men's chorus from Beulah college was heard and on Sunday the Ladies' chorus will appear.

The series will close with a three-day Bible conference on Friday, Saturday and Sunday.

Cato Asks for More Highway Patrolmen

SACRAMENTO. — The legislature will be asked to provide 548 more officers to augment the staff of California highway patrol, according to Chief E. Raymond Cato.

"We are seriously undermanned. People hardly know we are on the road," Cato complained, listing his officer patrol strength at 768.

Cato listed the following highways perils which patrolmen seek to check:

Slow-moving vehicles, such as trucks and house trailers, which block highways and cause wrecks when cars attempt to pass.

Speeding buses, with drivers sometimes careless in passing.

Drinking drivers, which figure in more than a fourth of all accident.

Full-Length Film Is Shown At School

"The Life of Alexander Graham Bell" was shown at the assembly Wednesday at the Upland Junior high school.

It is a full-length feature and a 16 mm version of the popular film.

It takes about 25 pounds of grain to rear a leghorn pullet.

Pioneer Ontarian Called by Death

Mrs. Fredericka Buck Stoner, mother of Mrs. L. V. Frey, 402 Eleventh avenue, passed away Thursday morning at the Eleventh avenue address as the result of a stroke suffered three months ago.

Sixty-one at the time of her death, Mrs. Stoner was the widow of Dale Stoner and former resident of Ontario. More recently she had made her home at McNeal, Arizona.

Services are to be conducted Saturday, 3 p.m. at the Richardson chapel, Dr. Samuel Hughes officiating. Interment will take place at McNeal.

She is survived by Mrs. Frey and three other daughters, Mrs. John Fisher, Los Angeles, Mrs W. D. Newton, Tulsa, Oklahoma, and Mrs. William Kennedy, McNeal; a son, Donald J., Hereford, Ariz.; a brother, Thomas E. Buck; two sisters residing in Indiana, an uncle, C. C. Graber, Ontario, and 18 granchildren.

CAR RECOVERED

The Ontario police department notified the local police Tuesday that the truck belonging to Gordon Naisbitt which was stolen Monday, had been recovered.

NEW YORK—Is the passer or the pass catcher more important when it comes to the forward pass? This question has bothered the experts for almost a decade but George Strickler now feels certain he has the answer.

It took a lot of digging on Strickler's part but that's his job. He's director of public relations for the National Football league and they have him working overtime this fall due to the mild threat for Sunday football patronage in the form of the infant All-America conference.

"We never knew who was more important,' says Strickler, "because the Green Bay Packers always seemed to have an end named Don Hutson. There never was a better pass catcher in the history of football.

"This year Hutson is aiding Curly Lambeau in coaching the Packers and no longer must we alter the record books every time Don pulls in an aerial. Hutson definitely has quit after 11 years as a pro.

"Hutson made the All-Pro team as an end nine times. In 11 years he caught 489 passes, 101 of them for touchdowns. He once caught 74 in one season, 17 for touchdowns."

An interruption was in order. George, wearing a $20 hat Lambeau gave him when Curly tired of seeing Strickler in a battered and bruised gray, was asked to answer his own question: Is it the passer or the pass catcher?

"I'm getting to that," said Strickler. "But you've got to know more about Hutson. Last season Don nabbed 47 out of the 57 passes thrown by Irv Comp and Roy McKay of Green Bay. In the first five games last year he caught 29 for close to 700 yards and eight touchdowns.

"Do you know how many passes the entire Green Bay team completed in the first five games this year? Twenty-eight for 450 yards and only three touchdowns and Lambeau has Tony Sanadeo back to help Comp and McKay with the passing."

Strickler insisted he had no ulterior motive on his mind even though Lambeau tossed his old hat out a hotel window and brought back a new one two sizes too large.

"You can see, then," said Strickler, "that it's the pass catcher who is more important in pro football."

Strickler left in hurry. He probably sensed the fact that I might remind him that a Don Hutson comes along once in a lifetime or that Hutson had two other pretty good pass throwers behind the Packer line of scrimmage — Cecil Isbell in the early forties and Arnie Herber in the thirties.

However, it still is nice to know there rae fellows around who answer their own question and provide you with a sports column besides.

The California Collegiate Conference championship will be determined at San Jose tonight when favored San Jose State clashes with Fresno State, the winner to represent the conference against an out-state opponent in the Fresno Raisin Bowl game New Year's Day.

Chaffey Fights For Crown At Riverside Field

The highly-geared Chaffey college football machine will go into action tonight against Riverside determined to win its final league game and at the same time capture the 1946 Orange Empire conference football crown.

With the championship at stake, Coach Ray Rosso has put the Panthers through stiff workouts all week. The college eleven suffered very few injuries in its easy victory over Mt. San Antonio last week and is expected to be in fine physical shape for the game tonight.

Riverside has been defeated only once this season and although not considered one of the stronger teams in the conference could very well be in the mood for an upset since the Bengals would have nothing to lose and everything to gain.

Since the outcome of the battle tonight will be a crucial one for Chaffey, there is some danger that Coach Rosso's men may be a little too taut for this all-important game. But having come through before when the pressure was upon them, the Panthers loom as two touchdown favorites and are expected to bring the Orange Empire conference championship with them upon their return to Chaffey.

With at least three complete teams of outstanding caliber on his squad, Coach Rosso will be able to substitute freely as he did against the Mountaineers last week. This depth in reserves will no doubt be a great advantage to the Panthermen in their drive for the 1946 football title.

Wet Field

Prospects of a muddy field at Riverside is of course a bad omen for the Panthers. The Chaffey eleven depends a lot on its air attack and a wet gridiron would no doubt handicap the league-leaders who need this game for the championship.

Although Rosso's men haven't been as impressive through the line as they have in the air and in wide sweeps around end, they do have some good line smashers in Mike Carew, Bob Hardy, Jack Williams and Herb Moffit.

It is also well to keep in mind that the Panthers have demonstrated their ability this season of getting out of a hole no matter how deep that hole was. While it has been possible to use a lot of passes in the past, the mere fact that a wet field or rain would handicap them could conceivably bring the Panthers to becoming more effective on the ground.

Vote Musial Most Valuable

BY JOE REICHLER

NEW YORK, Nov. 22. (AP)—Stanley Frank Musial, stellar first baseman of the world champion St. Louis Cardinals and his league's batting king with a .365 average, today was named the Nation League's most valuable player in 1946.

Musial, who also was voted most valuable in 1943 with 267 points, polled 319 points in the balloting by a 24-man committee of the Baseball Writers' association of America. Three writers from each league city voted.

The previous high received by any player was 305 by Jimmy Fox in 1938 while a member of the Boston Red Sox.

Second place went to Brooklyn's Dixie Walker, the "people's choice," whose 159 points made him the poorest runner-up in the last nine years. Outfielder Enos Slaughter and southpaw pitcher Howie Pollet, both members of the Cards, were third and fourth respectively.

10 Teams Enter Hoop League

With nine teams already indicating that they will participate in the league, the Chaffey District basketball league will meet again next Wednesday night, Nov. 27, to make permanent organization plans.

At the meeting Wednesday night Paul Halverson was named temporary chairman; L. L. Patton, vice chairman; Clifford Flower, treasurer, and Joe Wimer, secretary.

Teams which have already organized basketball teams are the American Legion, Ontario post, Jim Dandy, Exchange Orange, Smith's Chevrolet, Maize and Salyard, General Electric, Bank of America, Ontario branch, Etiwanda and Alta Loma. It is possible that a Cucamonga team may be formed soon enough to take part in the new league.

It was tentatively agreed that games would be played on Wednesday and Thursday night at the Chaffey gym, with Monday selected as the third night if it is decided to play games three times a week.

Any group or business in Upland desiring to enter a team is asked to get in touch with Mr. Halverson at the Southern Electrical Service here or send a representative to the meeting which will be held at the Ontario Legion clubhouse next Wednesday at 7:30 p.m.

Oregon and Oregon State tangle at Corvallis in another contest given "classic" billing. OSC has the experts' nod by virtue of its third place conference standing and its early season win over the late-starting S. C. Trojans.

PROS PONDER OVER NEW GAME

When "Green Tee Accuracy Golf" was introduced at the Green Tee golf range two weeks ago, there were four professional golfers on hand to demonstrate. Jack Gage, who hit the golf spotlight by giving Ben Hogan a battle recently, is shown here getting ready to swing, while Fred Eaton, who invented the new game; Veeder South, golf pro at Red Hill, and Zell Eaton, another pro, look on.

Tigers Come From Behind to Tie Berdoo, Win C.B.L. Title

Reed crashed over by inches after two smashes, to lead 12 to 7. Pierce threw to Hayden, who once again was all by himself in the end zone, for the extra point.

Lindsey jerked his stale first string and things began to look brighter for Chaffey. Cookie Osburn passed and ran to spearhead the attack that sam Lowell Havener, Mallory at quarter and Bill Wolfe at half, drive the ball to Berdoo's 17. The Cardinals' Cal Pierce intercepted one of Orsburn's passes to end the drive, that clicked from Chaffey's 39. The Tigers' "second string" line last night wasn't "second", as they held the Cards, forcing Visbal to punt on fourth down. Gene Hueble, center, blocked the punt to become a hero quick, and Chaffey took possession of the ball on Berdoo's 9. Orsburn threw to Mallory on the six over center on a "sleeper" pass, and Mallory went over standing up. Bill Gear's second attempt at conversion was blocked for a 13 to 13 knot.

Coach Lindsey shouldn't be worried about having to deflate the boys after last night. Garton and Acosta played good defensive ball. Doc Parnell was top lineman for the night, along with Koefler and Gene Hueble, who blocked that punt.

The Cards had Hayes "spotted" every time he moved, and kept him fairly well bottled up all evening, being the only time this season he failed to score at least once. Lack of blocking hurt the Tigers more than anything.

Score by quarters—

San Berdoo	0	6	7	0	—13
Chaffey	7	0	6	0	—13

BLOCKED PUNTS

The officials nicked the Tigers for a very unhealthy 80 yards during their whistle tooting, while calling five offside penalties against the Cards for 25. It was easily the most "over officiated" game this year . . . Berdoo's coach, Ralph Simpson, really "fires" himself up during a game.

Tigers To Open C.I.F. Playoffs Here Nov. 30th

Grid fans will have an opportunity to see the first of the C.I.F. playoffs when the Chaffey Tigers meet the winner of the Sunset league at the Chaffey stadium Saturday afternoon, Nov. 30, at 2 p.m.

Arrangements to have the game here have been pending for several days and Coach Truck Lindsey announced the good news late yesterday afternoon.

Who the Tigers' opponents will be cannot be determined until next Wednesday night. Santa Ana, Annaheim and Huntington Beach are all tied up for first place in the Sunset league. The winner will not be known until Santa Ana plays the other two teams between now and Wednesday.

With their first chance at C.I.F. honors in several years, Linasey's boys are expected to be in good spirit against their Sunset league opponent whoever it may be. The fact that they will be able to play on their home field should give the Tigermen an advantage in their first playoff and should they win might start the impetus for a string of victories.

Although it is not known yet who will represent the Sunset league, the fact that three teams

GAMES ON RADIO THIS SATURDAY

are all knotted up for first place is an indication of the caliber of teams in the conference. No matter who comes to meet Chaffey here on Nov. 30, the Tigers are expected to have their hands full. If the line plays the kind of football it is capable of and demonstrated in the Pomona game, the Chaffey eleven will stand a good chance of victory and of continuing in the playoffs.

Army, Notre Dame Look With Favor On Game at Coliseum on Christmas

BY BILL BECKER

LOS ANGELES, Nov. 20. (AP) The City of Angels, still seething with indignation over the coast conference-Big Nine closed shop on the Rose Bowl excluding Army, appeared determined today to bring the Cadets out here.

The city council yesterday invited Army and Notre Dame to play a rematch of their recent scoreless game, and Councilman Harold Harby said both institutions seemed receptive to the bid. The council would stage the game Dec. 22 or 25 in 103,000-capacity memorial coliseum, with most proceeds going to charity.

The game probaly would be cosponsored by the county council of the American Legion, which also wired a proposal to West Point and South Bend.

After telephone calls, Harby said Maj. Gen. Maxwell Taylor, West Point commandant, promised an answer within two days, and that Father John Cavanaugh of Notre Dame said the Irish might favorably consider the game, if Army accepts.

Bill Ackerman, graduate manager of UCLA, and Athletic Director Willis O. Hunter, Southern California, were openly miffed by the decision to start the Big Nine tieup immediately.

Hunter said PCC members were inclined to favor inviting Army until the Big Nine presented its proposition on apparently a "take it this year, or leave it" basis.

The USC Alumni association's directors suggested it might be time to reorganize the conference and appointed a committee to survey the advisability of the Trojans withdrawing.

Wet Field May Hamper Bruins Against USC

LOS ANGELES, Nov. 22. (AP) The undefeated, untied UCLA Bruins were still favored today against Southern California's Trojans in their Pacific Coast conference playoff battle tomorrow, but the odds seemed destined to close fast.

More rain appeared in the offing. Muddy going would be of more aid to the straightahead Trojans. And the Bruins may be down in the dumps over the Army freezeout.

The UCLANS, who have been supremely confident, didn't show much snap in their workout yesterday. With their legendary inefficiency against USC, this might be a fatal psychological blow, some observers opined

In Stride

With Notre Dame coming up next week, Coach Jeff Cravath's USC charges are taking their opponents as they come.

At least, the two teams probably will take the field virtually even money. The Bruins have been 8-5, or favored by seven points.

With slippery conditions likely, the passing of UCLA's Ernie Case and Troy's Mickey McCardle and Verl Lillywhite may become a minor factor. This would certainly hurt the Bruins more, as they have scored 16 times through the air to USC's zero this seasen.

On the ground, UCLA has scored 27 touchdowns in eight games to USC's 19 in seven games, but Troy's beefy line might nullify that slight statistical advantage.

This will be the 16th meeting of the two cross-city rivals. Troy has won 10, UCLA only one, in 1942, when they went to the Rose Bowl on a Bob Waterfield-to-Burr Baldwin pass. Four were ties.

Other Games

At Berkeley Stanford and California square off to renew a 50-year-old tradition in the first "big game" since the invading Indians dropped football for more serious business in 1942.

Defense and superior depth were counted on strongly by Cal Coach Frank Wickhorst. Schwartz banked on a better than average "T" formation attack and a hard-running fullback, Lloyd Merriman.

Ben F. Van Alstyne is the ninth Michigan State basketball coach since the sport was adopted in 1898.

The Perfecold didn't just happen . it was designed for the needs of the farm or ranch. Extra large storage space—in fact, it will hold ample food for your daily meals, several regular-size milk containers, and lugs of fruit and vegetables—all at the same time.

Take a quick mental inventory of what this means to you . . lots of time saved . . . storage facilities for your marketable products . . . perfect food for your table . . . less frequent running to town for perishables . . . and many other conveniences.

REMEMBER! PERFECOLD WAS DESIGNED FOR YOUR REFRIGERATION NEEDS! After you have your Perfecold you will probably be thinking about a home frozen food locker. Then send or call for the free booklet "Freezing Foods for Home Use." Methods, temperatures, packaging, wrapping and other essential factors are thoroughly discussed. Get your copy today!

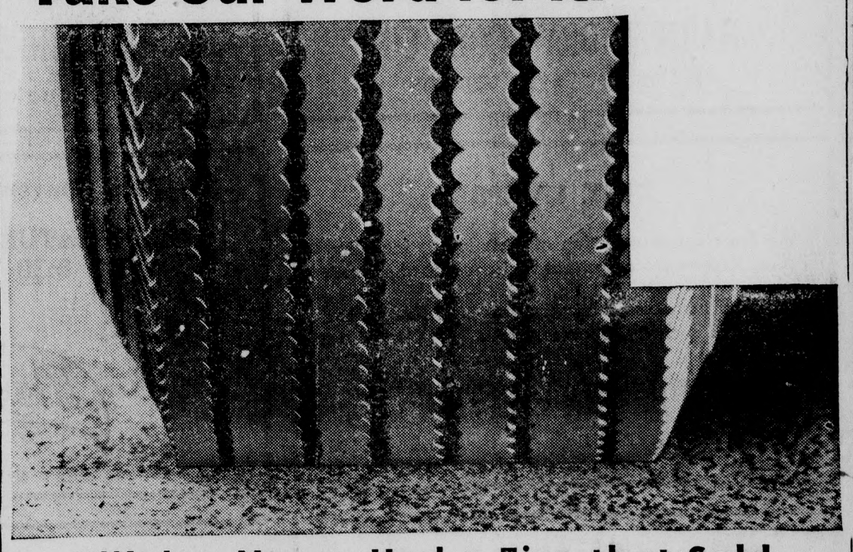
"Take Our Word for it!"



"We've Never Had a Tire that Sold as Fast as the Tire that . . .
OUTWEARS PREWAR TIRES"

"When you've got a good thing, word gets around fast . . . and word about the new B. F. Goodrich postwar Silvertown is certainly spreading around here.

"Seems everyone wants the tire that *Outwears Prewar Tires!* That's why it's so hard to keep them in stock—even with the factory's outstanding production.

"B. F. Goodrich users have been telling their friends about the wonderful tire mileage they are getting from the broader, flatter Silvertown tread . . . how it covers more road surface, hugs the road better, helps prevent skidding and slipping.

". . . And they've mentioned the 35% stronger tire body, the result of an entirely new type stronger cord with more cords per ply. All this, you know, means greater safety—better resistance to bruises and road shocks.

"Any way you look at it, the new Silvertown is today's most-for-the-money tire for your car . . . *well worth waiting for.*"

EVERY RESIDENT IS ELIGIBLE

Every family in Upland, Alta Loma,, Cucamonga and Etiwanda is included in the Upland Merchants' Dividend Day. A directory has been especially compiled by The Upland News. This directory includes every house address in these communities—Upland, the outlying district, and the three communities east of Upland.

A page number and line number are selected in a drawing to determine where the "Dividend Day Man" will call with the award. Thus, an address is selected from the directory. If the family receiving the call qualifies by having sales slips, the award is presented. The call is made at 6 p. m. every Monday. The sales slips must be dated Saturday.

The dividend sales do not have to be for cash, a "charged" sales slip being acceptable. In all fairness, however, a sales slip for payment on account cannot be eligible for use on dividend day.

(COPYRIGHTED JOE DOWNEY)

All of jack-pot may be won if person has two or more sales slips from two or more stores with total purchases over $1.00.
$1 if person selected has no sales slip.
$5 if person selected has one sales slip.

$10 if person selected has two or more sales slips showing total purchases under $1.00.

To be eligible to receive all of the jack-pot, your total purchases from two or more stores may be for

WHO TAUGHT THIS DOG TO TALK? An international search is now being conducted to find the person who taught Ben, the famous talking dog of Royston, England, to say "I want one" with an American accent. The dog's master says he suddenly began asking for things about a year ago without any known training. Veterans of the 78, 91, 339 and 355 groups of the Eighth Air Force, which were based in the locality, are being particularly questioned in an attempt to find anyone who knows where Ben received his education.

New Books

BY RUTH NELSON WEST

The books for November are highlighted by a sparkling story of a former Upland resident, "Out on a Limb." The present Mrs. Louise Maxwell Baker, who spent her girlhood in Upland, and who suffered the accident which caused the loss of one of her legs while still in grade school, tells with zest and humor the story of the eventful life which followed the tragedy.

Never did she allow the loss of her limb to become a handicap. She faced the world with determination to lead a normal life. A remarkable courage helped to carry her over many a rough place. Her accomplishments in athletics alone are remarkable. Coming at this time when not a few of America's young citizens face a similar future, this book will be inspiring, and at the same time, entertaining reading for everyone. Mrs. Baker is also the author of the best seller "Party Line."

The finest and most exciting book not of battlefield deeds to come out of the war is one by an expert on deep sea salvaging, Captain Edward Ellsberg. The book, "Under the Red Sun" relates the almost miraculous exploits of a heterogeneous lot of Americans, British, Eritreans, Sudanese, Italian P.O.W.'s, Hindus, Chinese and almost every other race in raising ships, drydocks and cranes which the Italian garrison of Massawa had scuttled before surrendering to the British.

Every vessel was vital to the Mediterranean command and had to be put in service regardless of obstacles. If ever a ship salvage expert did a magnificent job, and wrote a whacking good book about it that man is Commander Ellsberg.

The tale is one of war behind the fighting lines, in incredible endurance and courage living under unbearable conditions. Few Americans nad ever heard of Massawa and what was done there to aid the hard-pressed forces of our British ally. To say that Commander Ellsberg accomplished miracles is putting it mildly indeed.

San Antonio Heights News

BY RILLA STICKNEY
Phone 317-291
Special News Correspondent

Mr. and Mrs. Rodney Gilliam and their daughter, Gloria, Hollywood were week-end visitors at the home of W. F. Rugg, Mountain drive. Mr. Gilliam is a brother of Mrs. Rugg.

Mr. Harry Morrison, West Vista drive, is still very seriously ill at his home. Mr. Morrison has been ill for some time.

Mr. and Mrs. H. L. McLellan, Euclid Crescent East, enjoyed a trip to Fresno over the week-end with Mr. and Mrs. E. A. Dart, Fourteenth street and San Antonio avenue. Visits were made at the home of Dr. and Mrs. Andrew Rippey, daughter and son-in-law of Mr. and Mrs. Dart, and at the home of Mr. McLellan's mother, Mrs. Virginia McLellan.

Mr. and Mrs. C. G. Lydick and Mrs. W. C. Lydick, both of Vista drive, expect to spend the Thanksgiving holiday as guests of another brother who resides in West Los Angeles This is an annual get-together of the three families.

State Commission Approves Additional Bus Service Here

The state railroad commission announced yesterday that it had approved an application of the Citrus Belt bus lines for additional bus service between Upland and Ontario.

No change in existing fares on present routes now operated by the company was planned.

BANKERS MEET

Members of Group Four of the California Bankers association will hold their fall business meeting on Saturday afternoon and evening November 23 at San Diego. Group Four comprises the counties of Imperial, Orange, Riverside, San Bernardino and San Diego.

Lutcher, a., a two of 2,200, has furnished two of Tulane's grid stars — Guard Gaston Bourgeois and Quarterback Julian Brignac.

NEW SUPER-BRIGHT LUMINOUS FISH HOOKS

At last, here are the sensational new fish hooks that actually invite fish to bite 'em and get hooked. Glo-Hooks not only hold fish after they are hooked, they really lure more fish and bigger fish to your hook. The super bright plastic compound molded on every Glo-Hook is the most highly luminous known to modern science. And, it's well known that fish, as well as many other creatures of nature are attracted almost irresistibly to light.

LAND BIGGER AND BETTER CATCHES

Order your Glo Hooks ... set of 4 assorted size Glo-Hooks, only $1.00 postpaid. Use ... money back if you're not convinced Glo-Hooks are ... latest fish catchers.

Disarmament Looms As Important Question For U. N.

U.S. Tries To Bring Britain, Russia Closer

BY MAX HARRISON

LAKE SUCCESS, N. Y., Nov. 22. (AP)—India and Ecudor joined in a Big Power battle over a proposed United Nations troop inventory today as the United States sought to work out a compromise between conflicting Russian and British proposals.

The fight over the controversial question was renewed in the 54-nation political committee of the general assembly shortly after the United States delegation agreed in their morning caucus that both Soviet Foreign Minister V. M. Molotov and British Foreign Secretary Ernest Bevin were partly right.

TO SPEAK

SACRAMENTO, Nov. 22. (AP)—Governor Warren will leave for San Francisco late today to address a dinner given for the United Nations representatives who are investigating site for the organization. He will extend the state's official invitation to the United Nations to make their headquarters in the bay area.

Informed quarters said Sen. Tom Connally (D-Tex.) would attempt to reconcile their differences in the general discussion, but that if this failed he would offer a compromise resolution.

Agrees

The American delegation, it was reported, agreed with Bevin that the whole troop inventory question was directly related to the question of disarmament, but that Molotov was right in insisting that such information would be helpful to the Security Council's military staff commitee, which is charged with the task of establishing a world police force.

The U. S. delegation was understood, however, to feel that any inventory should include all troops both at home and abroad instead of being limited to forces outside home territory.

Indian delegate Mrs. Vijaya Lakshmi Pandit, first speaker at today's meeting, supported the Soviet proposal. She said she was glad that Molotov had broadened his original proposal to include troops on enemy territory as well as those stationed in non-enemy states.

She said adoption of the Soviet resolution would be "a step toward disarmament."

Definite Aspect

Francisco Iliescas, Ecuador, on the other hand, declared that the report on troops is a definite aspect of disarmament, indicating possible suport for the British proposal to link the present discussions directly with the next item on the agenda — Russia's four-point arms limitation proposal.

Authoritative sources said the U. S. was working on a resolution that might satisfy the Soviet Union and Britain on both points.

Details of the proposed resolution were not known, but it was understood the U. S. delegation views the troop information proposal as a minor issue compared to that of disarmament.

Study Ways to Make Golfers Keep Dates

CHICAGO, Nov. 20. (AP)—Reluctance of some star golfers to continue the grind of playing a schedule of 40-odd tournaments a year is a problem now being discussed by the Professional Golfers association at its annual meeting here.

Ed Dudley of Colorado Springs, Colo., who was elected P.G.A. president for his sixth term yesterday, said the executive committee was studying methods of urging players to compete in tourneys for which they are booked.

SPEAKS

Ferron Troxel, Y.M.C.A. secretary, spoke at the Christian church in Torrance Monday night at a meeting of the lay representatives of Christian churches of that area. He talked in the interest of Chapman college since he is president of Chapman college associates.

Molotov Asks For Troop Inventory Now

LAKE SUCCESS, N. Y., Nov. 22. (AP)—Soviet Foreign Minister V. M. Molotov today renewed his attack on the United States and Great Britain for maintaining troops in friendly countries and called for an immediate troop inventory to clear the atmosphere and relieve world anxiety.

In an hour-long speech before the 54-nation political committee of the United Nations assembly, Molotov repeated his earlier offer to accept an American proposal to broaden his own resolution to require reports on all troops in enemy countries as well as non-enemy states.

He said he saw no reason for including figures on enemy countries, but did not object if the United States insisted. At the same time, he said he did not object to a U. S. proposal that information also be given on troops at home.

In his speech last Wednesday, Molotov had suggested that the question of troops at home be divorced from the present discussions and taken up in connection with the next item on the agenda—Russia's four-point arms limitation proposals.

He spoke at length on American and British troops abroad, listing such countries as China, Iceland, Greece and Panama and said it was well known that some states — presumably the United States and Britain—had air and naval bases in all parts of the world.

The Soviet troop investory proposal, he said, was put forward to eliminate rumors and misunderstanding. He then added that if full information were made available "there will be a cleasing of the atmosphere."

Budenz Says Russia Seeks to Undermine U.S. Government

WASHINGTON, Nov. 22. (AP) Louis F. Budenz, former communist leader, told a congressional committee today the Soviet government "is engaged in a war of nerves against the United States" that "could go to military conflict."

Budenz testified in a hearing by the house committee on un-American activities purpose of the campaign is to "undermine" the United States government

"The Soviet government is engaged in a war of nerves against the United States on the Hitlerite pattern with, of course, its own variations," he said. "This war of nerves will go to the point of military conflict That is, it could go to military conflict."

A native of Indianapolis, the 55-year-old Budenz now is an assistant professor of economics at Fordham university. He recently held a similar post at Notre Dame.

Before returning to Catholicism, he was president of Freedom of the Press, Inc., which published the Daily Worker, communist newspaper.

Kahler Heads VFW Sports Program

W. S. "Bill" Kahler, San Mateo, well known sports figure, has been appointed director of athletics and recreation, Department of California Veterans of Foreign Wars.

Kahler, a member of V.F.W. Post No. 2068 in San Mateo, is a World War I veteran and was picked by Department Commander Charles P. Ash to inaugurate a huge sports program in the organization throughout the state.

STAR IN MOVIE AT THEATRE HERE

Jane Powell is in the process of giving Roddy McDowell a shave, only it seems like Roddy's nose got in the way. Both of them will be seen in "Holiday in Mexico" when it is shown at the Upland theatre Sunday and Monday.

Wife Slaps Him, He Sees Stars

GREENSBORO, N. C., Nov. 20. (AP)—The wife of Charles H. Doggett, a Greensboro insurancve official, struck him lightly in the eye during a friendly frolic — and now he can see much better.

Doctors told him that the lick dislodged a catartetat from which he had suffered for five years, and caused it to drop into the corner of his eye. Doggett doesn't advise the treatment, however, for he says "it might not work out so well the next time."

Obstacles of World Peace Discussed

The world's search for peace and obstacles confronting a permanent peace were discussed by the St. Mark's Episcopal Discussion group Wednesday night at the home of Mr. and Mrs. Forrest E. Doucette, 219 Hazzard place, Ontario.

The Rev. John Luther, rector of the church, led the discussion after reading selections from the sermons of Dr. Bernard Iddings Bell, noted Episcopal clergyman.

Those who attended the meeting in addition to Mr. and Mrs. Doucette and Rev. and Mrs. Luther were Mr. and Mrs. Philip B. White, Mr. and Mrs. Will Mason, Mr. and Mrs. Stephen C. Kalagian, Miss Marcia Gale and Miss Phyllis Street.

FILES SUIT

NEW YORK, Nov. 20. (AP)—Suit to enjoin New York City officials from preventing exhibition of his movie "The Outlaw" has been filed in supreme court by Howard Hughes.

Gunman Sought As Two Wounded

Police are continuing their search for Jesus Ayala Mosqueda, 243 Main street, Cucamonga, who is wanted in connection with the wounding of two Mexican nationals in a cafe in Cucamonga Wednesday evening.

According to Deputy Sheriffs Don Doughty and Bob Murray, the shooting climaxed an argument with Mosqueda leaving the cafe and returning with his gun blazing.

Those wounded were Rojillo Plascencea, 26, who was wounded in the left thigh and back, and Benito Rodriguez, who was struck in the left shoulder. Both were taken to the San Antonio Community hospital and are reported to be in good condition.

Angelina Vasquez, 19, LaVerne, who left the cafe with Mosqueda, was picked up by officers later in a Foothill boulevard cafe and held as a material witness in the Upland jail.

Yesterday she was turned over to Deputy Sheriffs William Smith and Ernest Mehl, and after pleading guilty to vagrancy charges in Judge William Hutton's court in Cucamonga, she was sentenced to 90 days in the county jail.

GERMANY— U. S. Army authorities proceeded with a roundup of military government officers and former officers accused of being involved in a black market ring.

Legal Notices

No. G-1858
